Candidates with a permanent or temporary disability that may disadvantage them in demonstrating their knowledge, understanding and skills in the TEE/WACE examination may apply to the Curriculum Council for special examination arrangements.

To improve the special examination arrangements process, a section of the application form relating to students with a specific learning disability has been modified to ensure essential information is provided so cases can be evaluated consistently.

The Council will host a series of seminars for school administrators, case coordinators and relevant professionals to ensure the application process is understood. Guest presenter Mandy Nayton, from the Dyslexia/SPELD Foundation, will take an in-depth look at diagnosing and accommodating students with specific learning disabilities.

Interested personnel from schools and district offices are invited to attend a half-day seminar. To assist country schools, seminars are planned for Bunbury and Albany during March. These seminars are dependant on adequate numbers. Seminars are being conducted in Perth in early April at a range of venues. Relevant information regarding seminar dates and venues has been despatched to schools.

As places in each session are limited, participants should return the registration form (see below) promptly. For the country seminars to be confirmed, responses are required by Friday 14 March 2008. Metropolitan responses are required by Monday 24 March 2008.
