alun.price@curriculum.wa.edu.au

Design course units have been updated to include codes for all newly created units and contexts.

Units now run from Stage P to Stage 3 and include separate unit codes for each of the four course contexts: photography, graphic, technical graphics and dimensional. For example, unit 1A has four codes – 1ADESP, 1ADESG, 1ADEST and 1ADESD. Each of these contexts can count as a separate unit.

Details can be found in the Senior Secondary section of the Curriculum Council website under Course and Subject Codes at http://www.curriculum.wa.edu.au/internet/Senior_Secondary/Course_Subject_Codes/
