Schools will soon receive copies of the updated WACE brochure. There should be enough copies for all Year 10 students, staff and some left over for the school to use at the discretion of the principal.

This brochure provides an overview of the senior school changes for Year 10 students, who graduate in 2010. It outlines key elements of the Western Australian Certificate of Education (WACE), the overall course structure and implementation timelines, assessment and examination details and WACE requirements.

Parents should find it especially helpful.

It also gives a straight-forward overview for staff about the senior school reform.

More copies are available by contacting communications manager George Temple.
