Lyn Sampson (08) 9273 6368

lyn.sampson@curriculum.wa.edu.au

The Applied Information Technology syllabus has been revised in response to recommendations of the teacher jury, content experts, critical readers and experienced teachers. Recommendations focused on reducing the repetition of content, as well as improving the clarity of terms and language.

The revised syllabus has been re-accredited by the Curriculum Council for teaching from 2009.

A copy of the syllabus will be sent to all AIT teachers through principals, and will soon be available on the Council's website at http://www.curriculum.wa.edu.au/internet/Senior_Secondary/Courses/Applied_Info_Tech/.
