Secondary school and district high school deputy principals and curriculum coordinators unable to take part in forums to discuss issues surrounding the implementation of the senior school reform can request information packages.

The forums include information and discussions about the WACE requirements, assessment, examinations and certification and the scheduling of school-based and external examinations.

People can still register to attend most of the forums.

Forum dates and venues, and the program outline, are listed on pages 2 and 3 of this document. There was also a Westlink broadcast on Tuesday 17 June, 2008. A DVD of this broadcast is included in the package.

Also included in the package are copies of PowerPoint presentations, a DVD of the Barry McGaw assessment seminar, general information sheets and more.

Registrations for forums are available online at www.curriculum.wa.edu.au or can be faxed to (08) 9273 6371.

To request an information package only, please ring Lisa Rance.
