Changes to the Curriculum Council website homepage are expected to improve the user experience.

The “Top 10” list has been added to the left navigation menu. It displays the website’s most popular pages and topics to help users find what they are seeking quickly and easily.

A highlight area has also been added to display the latest stories from the ‘What’s on in schools’ section. Additional highlights and latest news items are displayed in the six highlight boxes at the bottom of the page.

The screenshot shows the Curriculum Council website homepage. At the top, there is a navigation bar with links for Home, About Us, Years K-10, Senior Secondary, Policy and Guidelines, and Communications and Publications. A 'Top 10' list is visible on the left side, containing items like Courses, SIRS, Professional Development, Examinations, Assessment, Circulars, e-Circulars, WACE Activities Schedule - 2008, WACE Manual, and WACE Procedures Manual. The main content area features a welcome message and a list of responsibilities: development and implementation of a curriculum framework, development and accreditation of senior school courses, and assessment and certification of senior school student achievement. A highlight box features a photo of students and the text 'Belridge Senior High School pioneers online testing. Read more.' Below this, there are six highlight boxes: 'WACE PowerPoint for parents and students', 'e-Circular Edition 6 is now available.', 'Delivery of Senior School Courses and Counselling', 'Deputy Principal and Curriculum Coordinators Forums', 'VET Industry specific courses', and 'Professional Development PD Report - 28 April 2008'. The footer contains contact information for the Curriculum Council and WACE, along with a copyright notice for 2008.
