- **Chinese: Second Language course**
- **Indonesian: Second Language course**
- **Japanese: Second Language course**

Schools offering course units (1A–3B) in any of the above courses in 2010 should counsel students regarding their eligibility and arrange for new enrolments to complete eligibility processes.

Schools are reminded that all students, irrespective of unit to be studied, academic year or year of enrolment, must complete an eligibility application before enrolling in the course. Only those students who have received confirmation of eligibility status from the Curriculum Council will have their achievement in the course units contribute to the WACE and be eligible to sit the relevant course external examination.

Students already enrolled in one of the above courses, who have not previously completed an eligibility application, should do so as soon as possible.

The eligibility forms for these courses were sent to schools in September and should be returned to the Council by Tuesday 20 October 2009. The forms are also available on the Council website at http://www.curriculum.wa.edu.au/internet/Senior_Secondary/Courses >relevant language (Chinese: Second Language course; Indonesian: Second Language course; Japanese: Second Language course).

The information accompanying the application form outlines specific criteria and conditions relevant to the eligibility process.
