Schools have received a report detailing where their students will sit each subject/course examination. The report is entitled, EXM004 Providers allocated to each Assessment Centre by Examination.

For those schools providing an examination centre, an additional report entitled, EXM019 Examination Centre Candidate Allocation 2008, has been provided. This report lists each subject/course to be examined, the school allocated and number of candidates involved in each.

These reports are based upon enrolment information and the responses to accommodation returns completed by schools in May.
