jeanette.dalla-costa@curriculum.wa.edu.au

The Curriculum Council accredited the first five VET industry specific courses at its last September meeting. The accredited courses are:

- Automotive
- Business Services
- Community Services
- Information Technology
- Primary Industries.

These accredited courses are available on the website at

http://www.curriculum.wa.edu.au/internet/Senior_Secondary/Courses.

Another five courses will be presented for accreditation in October 2008.

The Council wants to work closely with any school planning to use VET industry specific courses in 2009. Meetings of teachers interested in delivering the courses in 2009 will be held late in Term 4. Schools who have registered their interest will be contacted by Council officers during Term 4.

Teachers who are interested in delivering a VET industry specific course in 2009, or have any queries about VET industry specific courses, should contact the officers responsible.
