The Curriculum Council's trial of online professional development to teachers ended on November 1. A contract with a learning management system provider is being finalised. Until that time, access to the online professional development will not be available.

Trial users will be notified when Council calls for registrations for all of the online WACE courses. Please check the website ([www.curriculum.wa.edu.au](http://www.curriculum.wa.edu.au)) for more information or email [lmshelp@curriculum.wa.edu.au](mailto:lmshelp@curriculum.wa.edu.au).
