Applications for special examination arrangements for students with disabilities closed on 24 June 2009. Late applications will only be considered under extenuating circumstances, such as for students who have a newly diagnosed illness or physical disability. Applications for pre-existing disabilities such as ADD/ADHD or specific learning disabilities can no longer be accepted.

After the end of Term 3 applications can be considered only for emergency provisions for candidates who have an accident just prior to the examinations. Please contact Carolyn Hackett as soon as you know of a situation likely to lead to such an application. Special examination arrangements will be made if time permits.
