Council has endorsed the inclusion of Tourism as a separate context in Stage 1 of Business Management and Enterprise for teaching from 2011. Council received advice that the content of the Stage 2 and 3 units of this course was strongly suited to teachers wishing to continue with Tourism beyond Stage 1 but that no extra context would be required.

In 2010, schools can enrol students in Aspects of the Tourism Industry E713, D943 or D944.
