The eCircular, in tandem with the hard-copy Circular, is the Council's main form of communication with schools and teachers. It is essential school staff have the information in each eCircular as soon as possible to ensure they are working with the latest information.

Principals are requested to provide all staff with copies of the eCircular. Teachers can also subscribe directly to eCircular by emailing their name and preferred email address to [info@curriculum.wa.edu.au](mailto:info@curriculum.wa.edu.au).

Principals are also requested to impress upon staff the importance of reading eCircular items relevant to the courses they teach. The eCircular index indicates to whom items relate most.

The importance of eCircular and how to subscribe will be outlined on the cover of the July Circular.

Council distributes at least two eCirculars per term. The hard-copy Circular is distributed at the start of each term and includes most items published in the preceding eCirculars.
