Schools providing an examination centre have been provided with a report that lists each subject/course, schools allocated and the number of candidates involved for each examination. The report was titled EXM019 Examination Centre Candidate Allocation 2009. Another report, EXM017 Rooms Allocation 2009, detailing allocation of candidates to rooms, was also provided.

These reports are based on enrolment information and the responses to accommodation returns completed by schools in May.

Schools will soon receive Report EXM004 Providers allocated to Each Assessment Centre. This report details where their students will sit each subject/course examination.
