The English language competence test is on Friday 30 October 2009 at 9am.

Schools who have responded to the request to nominate a coordinator have been sent a form to collect the number of students intending to sit the English language competence test. The final number of students to sit the test needs to be sent to the Council by Friday 18 September 2009. If a school does not return this form, the Council will assume that there are no students from the school sitting the test.

Schools that have not responded to the request to nominate a coordinator will receive no further correspondence regarding the English language competence test.
