jenny.offer@curriculum.wa.edu.au

Year 12 students can register with the Curriculum Council to sit the external examination in a Languages: Interstate course (including CCAFL, background speaker, Arabic, Hebrew, Modern Greek and Spanish courses) as a private candidate as long as they also sit the external exams in at least three other courses in the same year so the language result can be scaled.

The result of the external examination can contribute towards the calculation of the student's Australian tertiary admission rank (ATAR). The student's scaled score does not include a school-based assessment.
