Text excerpts

Extracts or whole pieces (e.g. poems) used in Section One of the new Stage 2 and Stage 3 Literature examinations will be selected from:

- texts not listed in the Text Lists for the Literature course, or
- texts that are created by authors not listed in the Text Lists for the Literature course.

This is necessary to ensure that no student is advantaged by finding pieces of literature in that section that were selected from texts or authors listed that the student, fortuitously, had studied and that other students had not studied.

Reading time

The time allowed for reading before commencing work on the Stage 2 and Stage 3 Literature examinations is 10 minutes. No writing or annotating is permitted during this time. The working time for the paper is three hours.

This is the same as for all other courses.
