The Curriculum Council will provide WACE examination papers online from 2010. This will start with the 2009 Stage 2 and Stage 3 WACE exams. The papers will be available free-of-charge through the Council's website www.curriculum.wa.edu.au.

Past TEE papers and combined Stage 2 and 3 WACE examinations are not appropriate for revision or examination purposes due to the implementation of the revised and separate Stage 2 and Stage 3 WACE examinations.

The 2009 Stage 2 and Stage 3 WACE examinations should be available early in Term 2 once copyright clearance has been received.

In addition, the Curriculum Council will:

- continue to sell the Curriculum guides and the progress maps
- not offer solutions or good answer booklets for sale
- not sell Outcomes and Standards Framework publications.

The Outcomes and Standards Frameworks are obsolete and will not be used by the Department of Education in 2010 and beyond.
