A DVD containing the set of solo material for the Stage 2 and Stage 3 practical examinations for 2009 was distributed to schools in January.

It is recommended that Dance teachers do not use the video footage from the breakdown of sequences for Stage 3: low travelling, as this is incorrect. When learning this sequence, refer to the full run of the Stage 3 Solo: Jacqui (40sec–60sec) and the updated version of the choreographer's notes.

The updated version of the choreographer's notes, which includes teaching points, is available on the Council website at:
