carolyn.hackett@curriculum.wa.edu.au

Application forms for special arrangements for the 2009 TEE/WACE examinations should have arrived in all schools in early March. The 2009 forms are a green colour. Please destroy forms left from 2008 (apricot).

If assistance is needed to complete the form, schools should in the first instance refer to the Council website at

http://www.curriculum.wa.edu.au/internet/Senior_Secondary/Exam_Information.

This links to a range of documents about special provisions for examination candidates, including policy, information sheets on special arrangements and hints for completing the forms.

The school must submit an application form for any student seeking any type of variation to the standard examination conditions.

Schools are reminded that applications can be received by the Council any time after the upload of their Year 12 enrolments to SIRS, but no later than 24 June 2009.
