The Physical Education Studies support examination booklets for cricket, hockey, netball, soccer, softball, swimming and volleyball include some skills that have been identified as having a degree of specialisation. These skills are included within these documents as they may form part of a teaching program. Students are also encouraged to develop these skills. However, the Physical Education Studies 2009 practical examinations will **NOT** include specialist positions or roles. All candidates will be expected to complete all tasks included in the practical examination.

An updated version of all support booklets can be found on the Curriculum Council website at

http://www.curriculum.wa.edu.au/internet/Senior_Secondary/Courses/Physical_Education_Studies.
