Closing date: Friday 11 January 2008
(Late applications cannot be accepted.)

This process involves a check of the examination paper and examination information relating to a particular tertiary entrance examination subject or Western Australian Certificate of Education course. **A fee of \$25.00 per subject/course is payable.** The fee is refundable if an error is detected. Results checks are not available for Modern Greek, Japanese: Advanced, Hebrew and Arabic.

A check is made to confirm each question attempted has been awarded a mark and that this mark has been recorded correctly. This means the chief marker reviews the marks allocated for each question based upon the marking key, and that the marks have been recorded correctly.

After submitting an application for a check, applicants will be advised whether or not discrepancies have been found. The Tertiary Institutions Service Centre will be notified of any discrepancies. Every effort will be made to process applications received by Thursday 3 January before the first round of university offers. All other applications will be processed before the second round of university offers.
