FOREWORD

The WACE Manual describes policies and procedures for the Western Australian Certificate of Education. It is produced by the Curriculum Council of Western Australia to inform principals, other school administrators, teachers, parents and students of the requirements for the certificate.

Principals should ensure that school policy documents for students who are candidates for the WACE are consistent with information in the WACE Manual. WACE Circulars, the eCircular and the Council's website should be checked regularly for updated information about the WACE.

Copies of WACE Circulars are provided to schools for every senior secondary school teacher and are available from the Council's website. The eCircular, published three or four times per term, is sent to principals and school curriculum officers, as well as interested parties who have requested to be on the subscription list. Please email info@curriculum.wa.edu.au to be included on the subscription list.
