

**Year 12 Participation and Achievement Statistics, 2003**

All statistics are based on full-time students who were eligible to graduate in 2003.

Schools are listed only if they had 20 or more full-time eligible students in Year 12 in 2003.

Senior colleges, overseas schools and SIDE are omitted.

In an average school, 33% of the TEE students could be expected to fall into each of the categories (Low, Mid, and High).

Three categories of student, based on average scaled marks, were constructed such that a third of the State's TEE students would fall into each.
